

Get X-Ray Vision into Your Infrastructure with 60 Days of Wired Assurance

Experience first-hand how **Mist Wired Assurance** goes beyond telemetry to give your users the best experience, while simplifying operations for your team.

Call your representative today to start your 60-day Wired Assurance early trial.

Measure wired user experience and pre-/post-connection performance metrics for IoT endpoints.

Receive proactive alerts when there is a deviation in switch performance from baseline before users even know issues exist.

Identify the root cause of wired and wireless problems and take automated actions.
